

CHAMBER MEMBER SPOTLIGHT

This chamber member spotlight features Jessica Gault with **Rise Chiropractic**.

Jessica opened up her own practice just last year and is the proud momma of son (and coworker) Trey.

Tell us about Rise Chiropractic.

"I am a chiropractor. We are a neurologically-based chiropractic office — cultivating healthy individuals naturally from the inside out."

What is your niche or target market?

"I see everyone from infants to grandparents, but I am certified and specialize in pediatrics, prenatal, and family wellness."

What got you interested in chiropractic and running your own practice?

"Health and wellness have always been a very important part of my life. Chiropractic is a great way to get to the root of the issue non-invasively. I am family-oriented and running my own business is a way I can still raise a family and be out in the workforce sharing knowledge for wellness."

Since opening Rise, what has been your biggest win?

"My biggest win has been the ability to help people and see people get out of pain and have a better life. I get to experience that daily."

What has been your biggest challenge?

"My biggest challenge has been helping people understand chiropractic is not just for neck and back pain and seeing how effective it is."

What makes you stand out from other chiropractors?

"I am a female in a predominately male occupation. I am also certified in the International Chiropractic Pediatric Association (ICPA) to see pregnant moms, infants, and kids."

What are your personal goals for Rise?

"I would like to continue to grow and serve this community with the knowledge and care of chiropractic."

Favorite Quote:

"The more you believe in your own ability to succeed, the more likely it is that you will." - Shaun Achor
