

CHAMBER MEMBER SPOTLIGHT

This chamber member spotlight features **Mize & Company.**

Tell us a bit about what your business.

"Mize & Company is an 85-year-old company boasting both a distribution division and a manufacturing division. We provide manufacturers and retail locations with electronic parts and pieces. We sell both small packages and bulk packages of products like terminals, fuses, connectors, wire, grease fittings, booster cables, nylon ties, trailer connectors, and much more. In our manufacturing division, we make custom battery cables and wire harnesses for customers throughout the United States. These products are on many different kinds of transportation you see every day. We provide electrical connections for automobiles, first-responder vehicles, agricultural equipment, trash trucks, and lawnmowers...just to name a few."

What makes you stand out from the competition?

"People in Kingman would be surprised how much product passes through Mize & Company and makes its way all over the United States. We are known for high-quality products and great customer service. Many of our employees have been with us for more than 20 years. We invest in our company by investing in our employees through competitive wages, excellent benefits, and a work environment that promotes working together and having fun."

Since starting your business, what has been your biggest win?

"We are proud to employ many people from Kingman with a stable opportunity with good benefits. Several of our employees have been with us for over 20 years."

What are your goals for Mize & Company?

"Our location offers us the ability to expand, and we are looking to increase our manufacturing greatly in the coming months and years."

What makes you stand out from the competition?

"Even through the COVID-19 pandemic, Mize has continued to grow as an essential business. Businesses near and far have been able to rely upon the small company to deliver product on-time as others have struggled to keep up. We have a diverse customer base, and we do not rely on large accounts, but a broad base of businesses."

Mize & Co. can be found at 2020 N Koch Industrial in Kingman. For product information and pricing, you can check out their website at: mizeandcompany.com
