

# MEMBER SPOTLIGHT

This month's member spotlight features Kingman Hardware & Automotive. At the beginning of the new year, the business obtained new owners—Nicole and Kevin Suderman of Hillsboro.

They are excited to be the new owners and also own Hillsboro Hardware and 2S Outdoor Power in Hillsboro. They are also a 4th generation family farm in the Marion County Area.

**What does your business do?**

"Retail hardware, plumbing, electrical, agriculture products, auto parts and repairs, tires, exhaust work, and alignments."

**What is your business niche or target market?**

"Automotive and small engine parts and service."

**What got you interested in what you do?**

"We believe in the small town way of life, and wanted to make sure that this business continues to provide for the community."

**Since starting your business, what has been the biggest win and challenge?**

"Our biggest win has been the ability to provide for the community during the supply chain and economy disruptions. Our biggest challenge so far has been how to communicate with the community with the ever-changing technologies."

**What makes you stand out from the competition?**

"Our customer service."

**What are your personal goals for your business?**

"To provide for the needs of the community."

**Favorite quote:**

"Life is like a hardware store—full of loose screws."
